SOUNDS GOOD

PODCAST STREAMING DAPP

PROBLEMS WITH CURRENT PODCAST LANDSCAPE

01 Fragmented market

02 Lack of transparency in revenue sharing

03 Expensive registration for small creators

04 Lack of framework for authorized distribution

05 Lack of incentive for listener to use one platform

06 Ads and Premium Subscriptions

07 Lack of community belonging

THAT SOUNDS NOT GOOD

😭

FEATURES OF SOUNDS GOOD

Integrated Podcast Streaming Platform

Listen-to-Earn

Listeners earn Sound Token for streaming, Unlock Premium Episodes.

Circular Economy

Creators earn tokens form listeners as tip. Users also unlock premium episodes from the creator.

Account Abstracted UX

Abstracted Interface that doesn't feel like crypto. Improved Podcast discovery, focusing on regional languages.
